

OSHA / DIA WORKSHOP FOR EMPLOYERS

Date, time and location:

May 30, 2018 1:00PM – 3:00PM

North Central Career Center

100 Erdman Way, Leominster, MA

The North Central Career Center invites you to a free workshop designed to help employers better understand OSHA requirements, policies and procedures. In addition, you'll learn about resources that will help fund OSHA and related training.

This free workshop is essential for all business owners and managers who want to understand OSHA guidelines and directives that are designed for safety and better health management.

OSHA provides information and resources to help employers identify and correct job hazards as well as improve their injury and illness prevention programs. DIA and OTA offer additional resources to help you comply with Federal and State requirements.
